

## Logik I Übungsblatt 1

This is the content of `AufgabeBeispiel.tex`, you are welcome to read it. Please note that this template is not under any copyright of any sort. Also, I am quite hungry now. Do you mind if I make myself a cheese sandwich? Thanks a lot. I'll let you some exercises to do while I'm at it.

**Aufgabe 1.** Use `\aufg` to make a new exercise.

In the next exercise we will see how to do a pre-exercise.

**Aufgabe 2.** What does the `\vorAufgabe` command do? How would you write a definition in this latex environnement?

*Abgabe bis Donnerstag, den 18.10, 10:00 Uhr*

*Die Übungsblätter sollen zu zweit bearbeitet und abgegeben werden.*
